

Problems I encountered when browsing through the website

1. After Visiting the Scholarship Section: the first problem I saw:

Important Guidelines

1. Admission requirements for the External Scholarship Program for International Students:

1. The applicant must have completed high school or have an equivalent degree, and the overall grade must be at least very good.
2. The maximum duration after completing high school should be five years or less.
3. The applicant must be between the ages of 17 and 25 to be eligible.
4. The applicant must obtain approval from their home country's government to study in the Kingdom of Saudi Arabia if their country requires it.
5. The applicant can not have previously received a scholarship from a university or educational institution in Saudi Arabia.
6. Certificates and documents must be authenticated by the competent authorities determined by the university.
7. The applicant must provide a certificate of good conduct from the security authorities in his country.
8. The applicant must be medically fit, able to fulfill the study program's criteria and pass the medical examination as specified by the rules and guidelines.
9. If nominated for admission to any track of the common first-year or bachelor's degree program, the non-Arabic-speaking applicant will be admitted to the Diploma Program for Proficiency in the Arabic Language. Then, after passing the diploma program, the applicant will be accepted into the original bachelor's program.

The above Slider has following Issues:

Repeated Stuff

The slider is not needed at all.

2. After clicking the specialties button you reach the following page:

جامعة الملك سعود
King Saud University

after clicking this.

The print button does not work, sometimes it works, but it prints nothing.

I didn't check the whole website but above are the problems I faced.

Thanks.
